

## ***Mahou Shoujo Lolita Sparker***

- **Intro**

One day there was a little girl named Sparker. She had an older brother who was also her teacher.

DAY BY DAY ~ they lived peacefully in the town they called home. (Incidentally, they did live in a house in that town)

Always on the watch - for the evil Lunarrape-chan - they had to make sure he could never harm the citizens of [INSERT TOWN NAME HERE].

- **Chapter 1 (The Beginning)**

One day teacher thought it'd be fun to play tag with all the loli's around, unfortunately he was the only one playing with the lolis and it was the funnest experience he ever had, ever.

Since teacher was the only one who knew that these girls may have a power greater than any other... he had to observe their activity at all times.. to ensure none of the girls cause a panic - should any of them have this hidden strength.

Lolita Sparker invented a new language, she taught it to all the girls around. Now it seems that their evil plans for world domination have come to fruition.

Teacher became aware of the situation and was quick to develop a decoder for this new found linguistic ability the girls have created for themselves.

It would seem that Lolita Sparker needed to make this language in order to implode Lunarrape-chan. But to apply it into the girls around the school is beyond anyones understanding. For it would seem that they have a special bond with each other, mimicking each others moves, actions, and speech.(was this mind control?)

What Lolita Sparker would realize, is that she had the ability to choose what the girls would do next by doing it herself, or telling them to do it in the secret language.

Lunarrape-chan panicked and moronically invented a language himself, unfortunately it had no effect on lolis.

Teacher found this sexy and left the academy to fight Lunarrape-chan himself.

- **Chapter 2 (The Battle)**

Lolita Sparker was confused.. "why is teacher attracted to moronic sexiness? especially of this disgusting creature we call Lunarrape-chan.."

Lunarrape-chan punches the writer for calling him disgusting, then he flies towards teacher for an epic battle.

*[The writer laughs uncontrollably]*♥

"Lunarrape!! Why are you acting in such a MORONIC, SEXY MANNER?!" shouted teacher helplessly.. trying his best to void from the site of Lunarrape-chan.

"Oh, i didn't notice. nyuu~" said Lunarrape-chan in the most evil and moronically cute voice.♥

Teacher spat to his right, preparing himself to lock with the eyes of his sisters great nemesis.. "You do realize.. if you continue to make me react in this way.. Lolita Sparker will be coming for me.. and you'll regret it"

[Rain drops]

"Well then, it seems that i'd have to do some permanent damage to your sexy factor." Lunarrape-chan reached for his pocket and revealed a toy to Teacher. It was a duck.

"RUUUUUUUUUUBBER DUUUUUUUUCK!!!?" Teacher cried.. swiping his arm across.

Lunarrape-chan flicks the rubber duck at Teachers head and uncontrollably explodes into a thousand sexy super nova's. What was seen after the impact was Teacher naked. It would seem that Lunarrape-chan was planning all this time to rape Teacher with the duck.♥

Teacher, having realized Lunarrape-chans true intention, pulls out his loli shaped cellphone with great velocity, notifying that Lunarrape-chan is threatening the life (and innocence, and purity) of their precious Teacher!!

In a futile attempt to save themselves, Teacher speed-dials the police in a last ditch attempt to escape from the imminent duck rape. Before Teacher could react, a hand had batted away the phone, and Lunarrape-chan shoves Teacher to the floor. (Ouch if Teacher is a human and they were supposedly in the air :P)

[Rain stops]

Lunarrape-chan was never going to rape Teacher. It would seem that he had planned to take a bath all this time due to the rain but now that the bath is over, it was time for Lunarrape-chan to go back to his sexy lair to feed his sexy minions.

*[Whatever happened to the perma-damage to my sexiness? nyuu~♥It got sold on eBay for \$0.01]*

Lolita Sparker arrived at the scene where she found a wet, dripping Teacher with the face that told her exactly what she was thinking ("I need a very cute loli"). Something absurd just occurred.

In an attempt to dry Teacher off, Lolita Sparker decided to hug Teacher as hard she could. This plan immediately failed, as Teacher realised that an accidental incident of loli molestation never ends well outside of the internet.

"!♥!"

Lolita Sparker realized Teacher came to his senses and returned to normal consciousness. The absurd, moronity of Lunarrape-chan's behavior had an adverse effect on Teachers brain, causing it to seize.. like Mac OSX after a driver reboot.

### • Chapter 3 (The Beach)

Realising that there had been a lull in time, Lunarrape-chan decided to round up some unwitting highschool girls and go to the beach for some shameless fanservice.♥ Unbeknownst to Lunarrape-chan, upon arrival to the beach, Lolita Sparker stood there in a surprisingly revealing bikini.

A nosebleed immediately followed. Lunarrape-chan was mad because he knew that Lolita Sparker would do this sort of act since Lunarrape-chan would never rape a lolita...yet. This would be saved for the day his

destiny was to be fulfilled.. but this day would never come so long as Lolita Sparker has the magical heart she has.

Upon seeing Lunarrape-chan - Lolita Sparker quickly threatened him by pointing her magical staff so scarily accurately between his eyes he quickly felt he shouldn't have come unprepared.

"Leave us alone. Now." she muttered in the lowest high voice she could.

Minutes later, feeling the evil energy leave the long-range perimeter.. she could return to her chirpy, cheerful self and play with her best friends Clio and Celica.

Then followed a day of the usual suggestive play at the beach, characteristic of an umi (beach) episode. They went to get ice cream, and unfortunately Loli Sparker spilt it all down herself. This resulted in a nosebleed everywhere around her, especially for Teacher, smiling and laughing with her as she looked after him, and the only person left standing, wierdly enough was Lunarrape-chan... who stood alone at the end of the street they were strolling down, before they were going to head home.

Lunarrape-chan began to mutter to himself. "Why won't they let me have fun!?". Then Lunarrape-chan decided that if he can't have fun, then the lolitas can't either! "Hiayayayyyahhahh!!" [evil laugh]

Lunarrape-chan sets up another similar ice cream stall where Lolita Sparker and Teacher where heading to. Lolita Sparker and Teacher ordered exactly two Zinga Burgas - they always enjoyed the time they spent together, even these, looking at each other, helplessly trading smiles. It was almost poetic, the way they spent their time together. So much so, that it made onlookers jealous of their bond.

Lunarrape-chan was so surprised that he forgot that he was setting a trap. He then grabbed Teacher by the hair and flew away to his secret sexy♥ beach cove. Teacher then cried his eyes out and started screaming uncontrollably while flailing his sexy arms and legs.

Lolita Sparker quickly reacts and chases after Lunarrape-chan who now has Teacher as his hostage, so Lolita Sparker decides to go into flying mode and fly over the sea to catch up to them, when all of a sudden something grabs Lolita Sparkers ankle and pulls her deep into the sea... Lolita Sparker grabs her staff and points it towards her ankle, fires and is set free... or so she thinks...

As Lolita Sparker exits the water she sees that the beach which was completely covered with perverts was now empty... ...what could have happened?

Then, suddenly Lolita Sparker realises she wasn't alone... something wet was on her foot and slowly slithering up her leg...

...and up her bathing suit.

She goes to grab at her leg but is shocked when she realises she can't move her arms... Lolita Sparker looks at both her wrist and her legs...

"W-W-WHAT'S GOING ON!?"

HYAAAAN!

I-I-IT-IT'S-ITS I-"she said as she was cut off by a tentacle choking her.

"Is this the end?" Lolita Sparker thought

"Is it my fate to become nothing more than a feast for this giant squid!?"

While Lolita Sparker was thinking about how she would have to deal with it, she was losing her focus as she struggled to catch her breath.

A huge beam of light comes out of nowhere and and blasts through the giant squids head...

.. and as it explodes and releases it's grip from Lolita Sparker, she starts to fall unconscious from the loss of air and starts to drop 30 stories to the ground...

Luckily it seems before she hit the ground someone had caught her... Lolita Sparker tries to stay conscious to see the face of her savior but... all she could remember was a blurry figure.

~~Lolita Sparker doesn't like too many fillers so she goes to save Teacher from the evil seducing, sexy Lunarrape-chan~♥.~~

#### **Chapter 4 (Mahou Shoujo Lolita Sparker no Unmei)**

As darkness fell, she began regaining consciousness, she found herself in a hotel by herself, tucked in. "Who did this?" she thought quickly.

However, it didn't take long for her to think about Teacher and she quickly left the hotel in search of her beloved brother.

This isn't the first time Lolita Sparker has had Lunarrape-chan to deal with.. she headed towards the beach he often used as his hideout.

"But how am I going to do this?" Lolita Sparker exclaimed. "The only way is to catch Lunarrape-chan off guard!".

Lolita Sparker ran across the beach, looking for the evil sexy lair of her nemesis, holding Teacher against his will.

In the dark of night, Lolita Sparker came across a suspiciously sexy looking cave at the far reaches of the beach. She knew it was time.

She thought now was the time to transform, but she knows that most magical girls transform in front of their enemies to stun them with the fan service.

Leaving the transformation for later, Lolita Sparker decided to venture into the sexy looking cave. Lolita Sparker saw many strange things in the sexy cave. She saw plants with eyeballs, toliets with teeth and something too gross and weird to mention.

Meanwhile, Lunarrape-chan had all kinds of torture for Teacher. First he took out what looked like a feather and started tickling him, then he started giving Teacher a wet willy making this the worst experience ever to be held in a sexy cave.

"You enjoying my sexy torture Teacher?" whispered Lunarrape-chan in Teacher's ear.

"Ugguuuuu~" yelped Teacher.

Lunarrape-chan releases an evil snarling laugh, that is somewhat... ♥

Lolita Sparker bursts into the room where her teacher was being held captive.

She says "I'll save you" in an assertive, and oddly calm manner that only she could hear, she then glared at

Lunarrape-chan.

"Just try and steal Teacher from me Lolita Sparker!!!" Lunarrape-chan glares back at Lolita Sparker.

It was time for her to transform.

Lolita Sparker floats into the air slowly with her eyes closed. The room gets a pink aura as her bikini vanishes into angels feathers showing her soft white flat chest. She floats around naked a little more then suddenly rainbow ribbons from nowhere appear around Lolita Sparker and bind together to form her magical girl clothing.

"EEEEEEHHH!!?!" Lunarrape-chan exclaimed, as if to mock Lolita Sparker's loliness - as it seemed to have no effect on him.

"Minions seize her!!!" it would seem that Lunarrape-chan is just to much of a coward to do things himself so he sends his sexy minions to attack Lolita Sparker.

[Sexy Minions surround Lolita Sparker]

[Minions nosebleed all over the cave due to the cuteness]

Lolita Sparker began taking out Lunarrape-chan's sexy army of sexy minons with her moves such as, Spark Shooter, Sparklight Breaker and her ultimate move (which she had planned to save for Lunarrape-chan) Master Love Spark.

The light-based attacks caused massive damage at the expense of Lolita Sparker's power levels.

Lunarrape-chan breaks a sweat but then swipes his hair to not look frightened.

[cue the volcano eruptions in the bg]

"Heh, since I am the only one left it would seem I'll have to use my MEGA DANCE ULTRA SEXY PLASMA BREAKER!!!♥♥" Lunarrape-chan yelled.

Lunarrape-chan poses like an eagle, then flies in the air in a hyper speed motion, but what he didn't realize is that the sexy cove wasn't that big, due to the violent goreish nature of this scene I am not allowed to explain how Lunarrape-chan burst his head open on the roof of the sexy spiky cove.

[Censored scene]

"OOoooooweweeeee~" Lunarrape-chan grows a big lump on his head rendering him unconscious.

As if for a moment, everything was fine and they just saw the classic nature of Lunarrape-chans moronic way of thinking - they both burst out laughing for a moment when they caught each others eyes again.

They knew that that they could reunite and things were going to be alright.
